SUMMARY STAFF RECOMMENDATION:

Staff offers an alternate recommendation of DMU-CO (Downtown mixed use— conditional overlay) combining district. The recommended conditional overlay shall limit the daily vehicle trips to less than 2,000 per day. The recommendation is based on the following considerations:

- 1.) The recommended zoning classification is compatible with existing mixed uses and DMU zoning along West Avenue;
- 2.) Because the subject site lies outside the designated Core Downtown District as identified by the Downtown Austin Design Guidelines, a more appropriate land use and zoning transition is DMU; and
- 3.) The recommended zoning classification allows for the requested land uses while maintaining the character, scale, proportion, and comparable heights of the established land uses along West Avenue.

DEPARTMENT COMMENTS:

The subject rezoning area consists of a 1.265 acre site fronting West Avenue south of the intersection of West 9th Street zoned GO and LO. Access to the property is off West Avenue. There exists office uses on the site. Capitol View Corridors do not intersect this property; however, a portion of the site lies within the Downtown Creeks Overlay – Shoal Creek. The site lies within the Central Urban Redevelopment (CURE) overlay and beyond the designated Core Downtown District as identified by the Downtown Austin Design Guidelines (Please see Attachment “A”).

The applicant proposes to rezone the property to CBD to allow for the development of approximately 200 condominium units within a 250 foot tall structure.

STAFF RECOMMENDATION

Staff offers an alternate recommendation of DMU-CO (Downtown mixed use— conditional overlay) combining district. The recommended conditional overlay shall limit the daily vehicle trips to less than 2,000 per day. The recommendation is based on the following considerations:

- 1.) The recommended zoning classification is compatible with existing mixed uses and DMU zoning along West Avenue;
- 2.) Because the subject site lies outside the designated Core Downtown District as identified by the Downtown Austin Design Guidelines, a more appropriate land use and zoning transition is DMU; and
- 3.) The recommended zoning classification allows for the requested land uses while maintaining the character, scale, proportion, and comparable heights of the established land uses along West Avenue.

BASIS FOR RECOMMENDATION

1. The proposed zoning should be consistent with the purpose statement of the district sought.

25-2-101 DOWNTOWN MIXED USE (DMU) DISTRICT DESIGNATION.

Downtown mixed use (DMU) district is the designation for a use located on the periphery of an area that has a CBD designation. A DMU district designation may be applied to a development that includes any combination of office retail, commercial, and residential uses and that is compatible with the downtown area. A DMU district use with an intermediate density may be used as a transition between the downtown area and surrounding districts. A DMU district is suitable for an area to which the central business district may expand.

The recommended zoning classification meets the purpose statement set forth in the Land Development Code. The proposed mix of uses will encourage a diversity of land uses along West Avenue while maintaining the character of the established neighborhood.

2. The proposed zoning should promote consistency, and orderly planning.

The recommended zoning classification and conditional overlay is compatible with the surrounding area as it is surrounded by a mixture of land uses, intensities, and mixed zoning. The proposed land uses are compatible to the existing adjacent uses.

1. Rezoning should not contribute to the over zoning of the area.

The potential to over zone the area exists when increasing the zoning base districts beyond that of surrounding properties. A balance of land use intensities and mixture of uses is accomplished and encouraged with the alternate Staff recommendation while accomplishing the range of land uses requested.

EXISTING CONDITIONS

Site Characteristics

The subject rezoning area consists of a 1.265 acre site fronting West Avenue south of the intersection of West 9th Street zoned GO and LO. Access to the property is off West Avenue. There exists office

uses on the site. Capitol View Corridors do not intersect this property; however, a portion of the site lies within the Downtown Creeks Overlay – Shoal Creek. The site lies within the Central Urban Redevelopment (CURE) overlay and beyond the designated Core Downtown District as identified by the Downtown Austin Design Guidelines.

Transportation

1. No additional right-of-way is needed at this time.
2. A traffic impact analysis was waived for this case because the applicant agreed to limit the intensity and uses for this development. If the zoning is granted, development should be limited through a conditional overlay to less than 2,000 vehicle trips per day. [LDC, 25-6-117]

Environmental

1. The site is not located over the Edwards Aquifer Recharge Zone. The site is located in the Shoal Creek Watershed of the Colorado River Basin, which is classified as an Urban Watershed by Chapter 25-8 of the City's Land Development Code. It is in the Desired Development Zone.
2. Impervious cover is not limited in this watershed class; therefore the zoning district impervious cover limits will apply.
3. This site is required to provide on-site structural water quality controls (or payment in lieu of) for all development and/or redevelopment when 5,000 s.f. cumulative is exceeded, and detention for the two-year storm. At this time, no information has been provided as to whether this property has any pre-existing approvals which would preempt current water quality or Code requirements.
4. According to flood plain maps, there is flood plain within the project area.
5. At this time, site-specific information is unavailable regarding existing trees and other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.
6. Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

Water and Wastewater

1. The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing the water and wastewater utility improvements, offsite main extensions, system upgrades, utility relocation, and abandonment. The water and wastewater plan must be in accordance with the City of Austin utility design criteria. The water and wastewater utility plan must be reviewed and approved by the Austin Water Utility. All water and wastewater construction must be inspected by the City of Austin. The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fee once the landowner makes an application for a City of Austin water and wastewater utility tap permit.

Site Plan and Compatibility Standards

1. Site plans will be required for any new development other than single-family or duplex residential.
2. Any development which occurs in an SF-6 or less restrictive zoning district which is located 540-feet or less from property in an SF-5 or more restrictive zoning district will be subject to compatibility development regulations.
3. The applicant is responsible for requesting relocation and demolition permits once the site plan is approved. The City Historic Preservation Officer will review all proposed building demolitions and relocations prior to site plan approval. If a building meets city historic criteria, the Historic Landmark Commission may initiate a historic zoning case on the property.
4. This site is subject to Urban Roadway regulations within the Commercial Design Standards, Subchapter E.

Re: 800 West Avenue (C14-2007-0144) Zoning Case

Dear Jorge:

This firm represents and I am writing to you on behalf of the Applicant in the above-referenced zoning case. Currently, this project is scheduled for Planning Commission on September 11, 2007. The Applicant hereby requests a two-week postponement until September 25, 2007. This request is being made to allow additional time to attend the Design Commission.

Your attention to this matter is greatly appreciated. Please feel free to contact me if you have any questions or comments.

Sincerely,

Re: 800 West Avenue Rezoning (C14-2007-0144)

Dear Mr. Rousselin:

This firm represents and this letter is submitted on behalf of the applicant in the above referenced application. It is my client's intent to rezone the property at 716 and 800 West Avenue (TCAD #02080005120000), from GO/LO to CBD. This zoning change is being requested to allow the construction of approximately 200 condominium units on the site within a 250 foot structure.

CBD zoning has been requested for the following reasons:

1. Compatibility standards – It appears that there is no property zoned SF-5 or more restrictive in the area. However, there are likely land uses which are permitted in SF-5 or more restrictive zoning districts in the vicinity of the site which would limit height and require significant setbacks. CBD zoning would allow the ability to waive compatibility standards for the site.
2. Creek setback – This site is located within the Downtown Creek overlay district. According to Section 25-2-167(B) of the Land Development Code (LDC), a 60 foot creek setback applies to property within CBD or DMU base districts. This setback decreases the site area in which the building footprint may be located. For this reason, it is necessary to obtain greater height for the project.
3. Capitol View Corridor – This site is one of the few sites in the downtown area which is not located in a capitol view corridor. In order to provide the density and number of residential units downtown that is desired by the City, sites outside a capitol view corridor should be allowed additional height.
4. Surrounding zoning – There is a mix of CBD and DMU-CURE zoned sites within two blocks of this property.

5. Downtown Austin Design Guidelines – The Downtown Austin Design Guidelines outlines the core downtown areas, as well as overlay areas. In the May 2000 version of this document, this site is located directly adjacent to the core downtown area but is not included. However, the Design Commission is currently editing these guidelines and will likely revise the boundaries for the downtown area to include additional land. For this reason, we believe that CBD zoning is appropriate.

Thank you for your time and consideration. If you have any questions, comments, or need additional information, please do not hesitate to contact me.

Sincerely,

Subject: Case C14-2007-0144 - 800 West Avenue

Jorge,

I want to state my opposition to the proposal to change the zoning at 800 West Avenue to CBD.

Neighborhood representatives are trying to set up a meeting with the applicant. I been told that the applicant has requested that this case not be heard on September 11th as currently scheduled, but be postponed to a future date. Is this correct?

Thanks for your service.

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

Jorge,

I am told that this property is seeking to have some 230 units, plus ground floor retail. Please give me an update on the plan, as well as, the commission's opinion as to support it or not. I also understand that they have already received a variance for height.

As a resident on Montview Street, understand that I moved from Hyde Park to get away from the traffic - Needless to say, I am opposed to the additional 230-450 cars added to the area. This is too large. Projects of these size should be located on the corridors of the highways, not in the middle of neighborhoods.

Let me know your thoughts, as well as, what I can do,

- Minimum street side setback: 15 feet;
- Minimum interior side yard setback: 5 feet;
- Minimum rear yard setback: 10 feet;
- Maximum building coverage: 60%;
- Maximum impervious cover: 70%;
- Maximum floor area ratio (FAR): 0.75:1; and
- Maximum units per acre: 36-54*

*As allowed by the LDC

The recommendation is based on the following considerations:

- 1.) The existing use is proposed to remain as there are no proposals to change the base land use at this time;
- 2.) Self-imposed site development restrictions on the site will not infringe on the character of the surrounding properties; and
- 3.) All other terms and conditions of Ordinance No. 040826-57 and 040902-58 shall remain.

DEPARTMENT COMMENTS:

The subject property consists of a 0.89 Acres (38,768.4 sq. ft.) site zoned MF-4-NP fronting Nueces Street and West 27th Street. The property was rezoned from CS to MF-4-NP by Ordinance No. 040826-57 (Please see attachment "A") and did not impose any conditions. Furthermore, this site is subject to the University Neighborhood Overlay (UNO) zoning district created On September 2, 2004 under Ordinance No. 040902-58 (Please see Attachment "B"). The site lies within the *UNO Outer West Campus Subdistrict* which allows for a maximum height of 75 feet (Please see Attachment "C").

The applicant seeks to add self-imposed development restrictions on the subject property for the purpose of property tax relief only. Although not guaranteed by the proposed zoning change, it is the intent of the applicant to demonstrate to the taxing entities that the imposition of development restrictions on the property merit a re-evaluation of the property tax impact on the property as potentially such restrictions will limit the redevelopment or expansion of existing structures on the site. It is not the intention of the applicant to change or remove existing land uses on the site as those will remain.

STAFF RECOMMENDATION

The Staff recommends the rezoning from MF-4-NP to MF-4-CO-NP. The conditional overlay shall implement the base district site development standards of MF-4-NP to specifically address the following:

- Minimum lot size: 8,000 square feet;
- Minimum lot width: 50 feet;
- Maximum height: 60 feet;
- Minimum front yard setback: 15 feet;
- Minimum street side setback: 15 feet;
- Minimum interior side yard setback: 5 feet;
- Minimum rear yard setback: 10 feet;
- Maximum building coverage: 60%;
- Maximum impervious cover: 70%;
- Maximum floor area ratio (FAR): 0.75:1; and
- Maximum units per acre: 36-54* *As allowed by the LDC

The recommendation is based on the following considerations:

- 1.) The existing use is proposed to remain as there are no proposals to change the base land use at this time;
- 2.) Self-imposed site development restrictions on the site will not infringe on the character of the surrounding properties; and
- 3.) All other terms and conditions of Ordinance No. 040826-57 and 040902-58 shall remain.

BASIS FOR RECOMMENDATION

- 1. Zoning changes should promote compatibility with adjacent and nearby uses and should not result in detrimental impacts to the neighborhood character.*

The proposed rezoning will not have detrimental impacts on the character of the neighborhood and will maintain land use compatibility.

- 2. The proposed zoning should promote consistency and orderly planning.*

Because a land use change is not sought, the zoning classification remains consistent and applicable. The proposed self-imposed development restrictions do not infringe on development patterns for this area.

EXISTING CONDITIONS

Site Characteristics

The subject property consists of a 0.89 Acres (38,768.4 sq. ft.) site zoned MF-4-NP fronting Nueces Street and West 27th Street. The property was rezoned from CS to MF-4-NP by Ordinance No. 040826-57 (Please see attachment "A") and did not impose any conditions. Furthermore, this site is subject to the University Neighborhood Overlay (UNO) zoning district created On September 2, 2004 under Ordinance No. 040902-58 (Please see Attachment "B"). The site lies within the *UNO Outer West Campus Subdistrict* which allows for a maximum height of 75 feet (Please see Attachment "C").

Transportation

1. No additional right-of-way is needed at this time.
2. A traffic impact analysis was not required for this case because the traffic generated by the proposed zoning does not exceed the threshold of 2,000 vehicle trips per day. [LDC, 25-6-113].
3. There are existing sidewalks along W. 27th Street (both sides) and Nueces Street (east side).
4. Nueces Street is classified in the Bicycle Plan as a Priority 1 bike route.
5. Capital Metro bus service is available along Nueces Street with the No. 3 Burnet/Manchaca and W. 27th Street with the No. 410 Dillo/Special Services (suspended for the summer).

Environmental

1. The site is not located over the Edwards Aquifer Recharge Zone. The site is located in the Waller Creek Watershed of the Colorado River Basin, which is classified as an Urban Watershed by Chapter 25-8 of the City's Land Development Code. It is in the Desired Development Zone.
2. Impervious cover is not limited in this watershed class; therefore the zoning district impervious cover limits will apply.
3. This site is required to provide on-site structural water quality controls (or payment in lieu of) for all development and/or redevelopment when 5,000 s.f. cumulative is exceeded, and detention for the two-year storm. At this time, no information has been provided as to whether this property has any pre-existing approvals which would preempt current water quality or Code requirements.
4. According to flood plain maps, there is no flood plain within the project area.
5. At this time, site-specific information is unavailable regarding existing trees and other vegetation, areas of steep slope, or other environmental features.
6. Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

Water and Wastewater

1. The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing the water and wastewater utility improvements, offsite main extensions, system upgrades, utility relocation, and abandonment. The water and wastewater plan must be in accordance with the City of Austin utility design criteria. The water and wastewater utility plan must be reviewed and approved by the Austin Water Utility. All water and wastewater construction must be inspected by the City of Austin. The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fee once the landowner makes an application for a City of Austin water and wastewater utility tap permit.

PART 2. Chapter 25-2 of the City Code is amended to add a new Section 25-2-178 to read:

§ 25-2-178 UNIVERSITY NEIGHBORHOOD OVERLAY (UNO) DISTRICT PURPOSE AND BOUNDARIES.

- (A) The purpose of the university neighborhood overlay (UNO) district is to promote high density redevelopment in the area generally west of the University of Texas campus, provide a mechanism for the creation of a densely populated but livable and pedestrian friendly environment, and protect the character of the predominantly single-family residential neighborhoods adjacent to the district.
- (B) The UNO district consists of the following subdistricts:
 - (1) inner west campus subdistrict;
 - (2) outer west campus subdistrict;
 - (3) Guadalupe subdistrict; and
 - (4) Dobie subdistrict.
- (C) The boundaries of the UNO district and each subdistrict are identified in Appendix C (*University Neighborhood Overlay District Boundaries, Subdistrict Boundaries, And Height Limits*) of this chapter.

PART 3. Chapter 25-2, Subchapter C, Article 3 of the City Code is amended to add a new Division 9 to read:

Division 9. University Neighborhood Overlay District Requirements.

§ 25-2-751 APPLICABILITY.

This division applies to property in the university neighborhood overlay (UNO) district if the property owner files a site plan and an election for the property to be governed by this division.

§ 25-2-752 CONFLICT OF LAW.

For property governed by this division, this division supersedes the other provisions of this title to the extent of conflict.

§ 25-2-753 LOCAL USES DESCRIBED.

(A) In this division, a local use is a use that serves the public by providing goods or services in a manner readily accessible by pedestrians or the occupants of the structure in which the uses are located. Local uses include:

- (1) administrative and business offices;
- (2) art and craft studio;
- (3) art gallery;
- (4) art workshop;
- (5) business and trade school;
- (6) consumer convenience services;
- (7) consumer repair services;
- (8) counseling services;
- (9) custom manufacturing;
- (10) day care services (commercial, general, or limited);
- (11) financial services;
- (12) food preparation;
- (13) food sales;
- (14) general retail sales (convenience or general);
- (15) guidance services;
- (16) indoor sports and recreation;
- (17) medical offices (under 5,000 square feet);
- (18) personal improvement services;
- (19) personal services;
- (20) pet services;
- (21) printing and publishing services;
- (22) professional office;
- (23) religious assembly;

- (24) restaurant (general or limited);
- (25) theater; and
- (26) a conditional use in the base zoning district that is approved by the land use commission.

(B) A local use may not include a drive-through facility.

§ 25-2-754 USE REGULATIONS.

(A) In a nonresidential zoning base district, residential uses are permitted.

(B) In any base zoning district, a hotel-motel use, a multifamily use, or a group residential use is permitted.

(C) This subsection applies to a multifamily residential use.

- (1) Each building must achieve at least a one star rating under the Austin Green Building program.
- (2) All ground floor dwelling units must be:
 - (a) adaptable for use by a person with a disability; and
 - (b) accessible by a person with a disability from the on-site parking and common facility, if any.
- (3) At least 10 percent of the dwelling units must be accessible for a person with a mobility impairment.
- (4) At least two percent of the dwelling units must be accessible for a person with a hearing or visual disability.
- (5) Each multistory building must be served by an elevator, unless at least 25 percent of the site's dwelling units are located on the ground floor.
- (6) A parking space must be leased separately from a dwelling unit.

(D) This subsection governs local uses in a residential base district.

- (1) Except as provided in Paragraph (2), up to 20 percent of the gross floor area of a site may be used for local uses. At least one-half of the gross floor area of the local uses must be located at street level and accessible from a pedestrian path. In determining these percentages, a nonresidential use that is accessory to the principal residential use or

located in a historic landmark is excluded from the gross floor area of the local uses.

(2) Up to 100 percent of the gross floor area of a structure may be used for local uses if the structure is:

(a) a historic landmark or the structure contains less than 10,000 square feet of gross floor area and is the only structure on the site; or

(b) less than 60 feet in height and located on:

(i) Guadalupe Street between Martin Luther King, Jr. Blvd. and 29th Street;

(ii) Martin Luther King Jr., Blvd. between Guadalupe Street and Rio Grande Street; or

(iii) 24th Street between Guadalupe Street and Rio Grande Street.

(E) This subsection applies to commercial off-street parking.

(1) Commercial off-street parking on a surface lot is prohibited.

(2) Commercial off-street parking in a structure is:

(a) permitted in any base zoning district in the Guadalupe, Dobie, or inner west campus subdistrict; and

(b) prohibited in the outer west campus subdistrict.

(3) The street level portion of a commercial off-street parking structure that is accessible from a pedestrian path must contain local uses for a depth of at least 18-1/2 feet. This requirement does not apply to a portion of the structure used for an entrance or exit.

(F) A cocktail lounge is a conditional use if it is accessory to a hotel-motel use with at least 50 rooms.

§ 25-2-755 MINIMUM LOT AREA.

The minimum lot area is 2,500 square feet.

§ 25-2-756 HEIGHT.

(A) Except as provided in Subsection (B), maximum heights for structures are prescribed by Appendix C (*University Neighborhood Overlay District Boundaries, Subdistrict Boundaries, And Height Limits*).

(B) In the outer west campus subdistrict, a structure with a multi-family residential use may exceed by 15 feet the maximum height prescribed by Appendix C (*University Neighborhood Overlay District Boundaries, Subdistrict Boundaries, And Height Limits*) if:

- (1) the structure is located in an area for which the maximum height is at least 50 feet; and
- (2) the multi-family residential use, for a period of not less than 15 years from the date a certificate of occupancy is issued, sets aside at least:
 - (a) 10 percent of the dwelling units on the site to house persons whose household income is less than 80 percent of the median income in the Austin statistical metropolitan area, as determined by the director of the Austin Neighborhood Housing and Community Development Office; and
 - (b) 10 percent of the dwelling units on the site to house persons whose household income is less than 50 percent of the median income in the Austin statistical metropolitan area, as determined by the director of the Austin Neighborhood Housing and Community Development Office.

§ 25-2-757 SETBACKS.

(A) There are no minimum front yard or street side yard setbacks, except:

- (1) the minimum setbacks are 10 feet along Martin Luther King, Jr. Blvd. between Rio Grande Street and San Gabriel Street; and
- (2) the minimum front yard setback is two feet along Graham Place, West 24½ Street, San Pedro Street, West 21st Street, and Hume Place.

(B) The maximum front yard setback and the maximum street side yard setback are 10 feet, except:

- (1) the maximum setbacks are 15 feet along 24th Street or along Martin Luther King, Jr. Blvd. between Rio Grande Street and San Gabriel Street;
- (2) the maximum setbacks are 45 feet for a public plaza or private common open space;
- (3) there are no maximum setbacks for a pedestrian entry court or an outdoor cafe; and

- (4) the director of the Watershed Protection and Development Review Department may modify a maximum setback if the director determines that the modification is required to protect a historic structure or a tree designated as significant by the city arborist.
- (C) There is no minimum or maximum interior side yard setback.
- (D) There is no minimum or maximum rear yard setback.
- (E) A building must be at least 12 feet from the front face of the curb of the adjacent street.

§ 25-2-758 BUILDING STEPBACKS AND BUILDING ENVELOPE RESTRICTION.

(A) Except as provided in Subsection (B):

- (1) if an exterior wall of a building is adjacent to a street other than an alley, at a height of 60 feet, the upper portion of the wall must be set back from the lower portion of the wall by a distance of at least 12 feet; and
- (2) if the north side of a building is adjacent to a street other than an alley and is greater than 60 feet in height, the upper portion of the north side of the building must be set back within a building envelope that is formed by a plane that extends from the top of the lower portion of the north side exterior wall toward the building at an angle of 62 degrees above horizontal.

(B) If a building facade abuts street frontage for a distance of at least 280 feet, Subsection (A) does not apply to:

- (1) 15 percent of the length of a building facade that faces east, south, or west; or
- (2) 20 percent of the length of a building facade that faces north.

§ 25-2-759 STREET WALL AREAS ADJACENT TO OCCUPANT SPACE.

(A) In this section:

- (1) OCCUPANT SPACE means space in a building used for a use other than a parking facility or a mechanical facility.
- (2) STREET WALL AREA means the portion of an exterior wall of a building adjacent to a public street other than an alley and accessible from a pedestrian path that extends from the base of street level:

- (a) to a maximum height of 60 feet; or
 - (b) for an accessory parking structure, to a maximum height of two stories.
- (B) At least 42 percent of the street wall area of a building must be adjacent to occupant space.
- (C) If a building has street wall areas on more than one street, at least 29 percent of the total street wall area must be adjacent to occupant space on a street that runs east and west.
- (D) This section does not apply to a commercial off-street parking structure.

§ 25-2-760 STREETScape IMPROVEMENTS.

- (A) Except as provided in Subsection (B), a site owner shall install a sidewalk not less than 12 feet wide along each street frontage adjacent to the site.
- (B) A site owner shall install a sidewalk not less than five feet wide along West 24½ Street, San Pedro Street, West 21st Street, Hume Place, or Salado Street.
- (C) A site owner shall plant and maintain trees along an adjacent street right-of-way.
- (1) Trees must be spaced to create a nearly contiguous canopy when the trees reach maturity.
 - (2) A tree must be in scale with the adjacent building.
 - (3) A tree planted in a sidewalk area must have a tree grating.
- (D) A site owner shall install and maintain pedestrian-scale lighting along an adjacent street right-of-way.
- (E) The director of the Watershed Protection and Development Review Department shall adopt rules prescribing the requirements for tree planting and maintenance and the installation and maintenance of pedestrian-scale lighting.
- (F) The director of the Watershed Protection and Development Review Department may require fiscal security to ensure compliance with this section.

§ 25-2-761 PLACEMENT OF EQUIPMENT AND TRASH RECEPTACLES.

Utility equipment, mechanical equipment, and large trash receptacles:

- (1) are prohibited in the area between a building and a street; and

(2) must not be visible from a street.

§ 25-2-762 SITE ACCESS.

- (A) Vehicular access from a site to a public street is limited to two curb cuts.
- (B) Vehicular access to a site from 20th Street, 21st Street, 22nd Street, 23rd Street, 25th Street, 26th Street, 27th Street, or 28th Street between Guadalupe Street and Pearl Street is prohibited if the site has frontage on another street or alley.
- (C) A site with access to an alley must use the alley or a parking structure for service and delivery access.
- (D) A site that does not have access to an alley must provide a service and delivery area that is at least 30 feet deep, measured from the front setback line or side setback line, as applicable.
- (E) The director of the Watershed Protection and Development Review Department may waive or modify a requirement of this section if the director determines that the waiver or modification is necessary for adequate traffic circulation or public safety.

§ 25-2-763 CERTAIN REGULATIONS INAPPLICABLE OR SUPERSEDED.

- (A) The following provisions of this subchapter do not apply:
 - (1) maximum floor-to-area ratios;
 - (2) maximum building coverage percentages;
 - (3) Article 9 (*Landscaping*); and
 - (4) Article 10 (*Compatibility Standards*), if the property is at least 75 feet from the boundary of the university neighborhood overlay district.
- (B) Impervious cover limitations of this subchapter are superseded by this subsection. Maximum impervious cover is:
 - (1) 100 percent in the inner west campus and Guadalupe subdistricts;
 - (2) the greater of 90 percent or the percentage permitted in the base zoning district in the outer west campus subdistrict; and
 - (3) the greater of 85 percent or the percentage permitted in the base zoning district in the Dobie subdistrict.

- (C) For a multi-family residential use, minimum site area and open space requirements of this subchapter do not apply.

§ 25-2-764 DESIGN GUIDELINES.

- (A) A site plan must substantially comply with the design guidelines prescribed by administrative rule. An applicant shall file with the site plan a building elevation drawing that demonstrates substantial compliance with the design guidelines.
- (B) The director of the Watershed Protection and Development Review Department shall determine whether a site plan substantially complies with the design guidelines.
- (C) The director of the Watershed Protection and Development Review Department may waive a provision of the design guidelines if the director determines that the provision is unreasonable or impractical as applied to the site plan and that, with the waiver, the site plan will still substantially comply with the design guidelines. A waiver under this subsection must be the minimum departure from the provision necessary to avoid an unreasonable or impractical result.
- (D) An interested party may appeal to the land use commission:
- (1) a determination by the director of the Watershed Protection and Development Review Department that a site plan substantially complies with the design guidelines; or
 - (2) a decision by the director of the Watershed Protection and Development Review Department granting or denying a waiver under Subsection (C).

§ 25-2-765 AFFORDABLE HOUSING.

- (A) A multi-family residential use established after [effective date of ordinance] must, for a period of not less than 15 years from the date a certificate of occupancy is issued, set aside at least:
- (1) 10 percent of the dwelling units on the site to house persons whose household income is less than 80 percent of the median income in the Austin statistical metropolitan area, as determined by the director of the Austin Neighborhood Housing and Community Development Office; and
 - (2) except as provided in Subsection (B), an additional 10 percent of the dwelling units on the site to house persons whose household income is less than 65 percent of the median income in the Austin statistical

metropolitan area, as determined by the director of the Austin Neighborhood Housing and Community Development Office.

- (B) The University Neighborhood District Housing Trust Fund is established. Instead of complying with Paragraph (A)(2), a person may pay into the fund a fee of \$0.50 for each square foot of net rentable floor area in the multi-family residential use development.
- (C) The director of the Austin Neighborhood Housing and Community Development Office may allocate money from the University Neighborhood District Housing Trust Fund for housing development in the university neighborhood overlay district that provides at least 10 percent of its dwelling units to persons whose household income is less than 50 percent of the median income in the Austin statistical metropolitan area, as determined by the director of the Austin Neighborhood Housing and Community Development Office, for a period of not less than 15 years from the date a certificate of occupancy is issued.

PART 4. Section 25-6-478(B) of the City Code is amended to read:

(B) This section does not apply:

- (1) to property in a central business (CDB) district or downtown mixed use (DMU) district;
- (2) to commercial, industrial, or civic use in a traditional neighborhood (TN) district;
- (3) to a corner store special use; neighborhood mixed use building special use; commercial, industrial, or civic use portion of a neighborhood urban center special use; or commercial or civic use portion of a residential infill special use;
- (4) to property in the university neighborhood overlay (UNO) district; or
- (5) [(4)] if the off-street parking requirement has been modified under Section 25-6-473 (*Modification Of Parking Requirement*) or Section 25-6-476 (*Parking For Mixed-Use Developments*).

PART 5. Chapter 25-6, Article 7 of the City Code is amended to add a new Division 6 to read:

Division 6. Special Provisions For The University Neighborhood Overlay District.

**§ 25-6-601 PARKING REQUIREMENTS FOR UNIVERSITY
NEIGHBORHOOD OVERLAY DISTRICT.**

- (A) Except as otherwise provided in this section, the minimum off-street parking requirement in the university neighborhood overlay district is 60 percent of that prescribed by Appendix A (*Tables Of Off-Street Parking And Loading Requirements*).
- (B) Off-street parking is not required for a commercial use if the use:
 - (1) occupies less than 6,000 square feet of gross floor area; or
 - (2) is located on:
 - (a) Guadalupe Street between Martin Luther King, Jr. Blvd. and West 29th Street; or
 - (b) West 24th Street between Guadalupe Street and Rio Grande Street.
- (C) For a multi-family residential use, the minimum off-street parking requirement is 40 percent of that prescribed by Appendix A (*Tables Of Off-Street Parking And Loading Requirements*) if the multi-family residential use:
 - (1) participates in a car sharing program that complies with the program requirements prescribed by administrative rule, as determined by the director of the Watershed Protection and Development Review Department; or
 - (2) sets aside for a period of not less than 15 years from the date a certificate of occupancy is issued at least 10 percent of the dwelling units on the site to house persons whose household income is less than 50 percent of the median income in the Austin statistical metropolitan area, as determined by the director of the Austin Neighborhood Housing and Community Development Office, in addition to complying with Section 25-2-765 (*Affordable Housing*).

PART 6. Chapter 25-2 of the City Code is amended to add a new Appendix C to read:

APPENDIX C

HISTORY

Sigma Chi was founded in 1855 at Miami of Ohio, and the University of Texas opened its doors in 1883. The Alpha Nu chapter of Sigma Chi Fraternity was chartered at the University of Texas in 1884. The fraternity operates as a university student organization. Thousands of men have been initiated at the University of Texas over the last 123 years. As of 2007, Sigma Chi has 218,493 living brothers and 218 active undergraduate chapters at colleges and universities throughout the United States and Canada. Since 1855, Sigma Chi has initiated more than 260,000 men. As of 2007, Sigma Chi has 149 alumni chapters around the world. Some readers will recognize the song title "Sweetheart of Sigma Chi" and may be interested to know that David Letterman, James Brady, Drew Brees, William C. Powers Jr., William DeVries MD, J. Willard Marriott, James Caviezel, Rip Torn and John Wayne are Sigma Chis.

The owner of the property is the Alpha Nu Chapter of Sigma Chi Fraternity which is a non-profit corporation organized pursuant to the provisions of Article 9.01 of the Texas Non-Profit Corporation Act. The owner pays property taxes. The property is not operated as a for profit business and the owner is not holding the property for gain. In fact, if the property is ever sold, the proceeds must go to another non-profit.

Philanthropy of Sigma Chi

Membership in Sigma Chi involves both service-oriented activities and social bonding for its members. Sigma Chi's beneficiaries for chapter community service projects include the Children's Miracle Network and the Huntsman Cancer Institute. Nationwide Sigma Chi chapters raise more about \$300,000 each year for CMN hospitals and devote thousands of hours of service to CMN affiliates. The Huntsman Cancer Institute was added as another beneficiary in 2005.

The purpose of the university neighborhood overlay (UNO) district is to promote high density redevelopment in the area generally west of the University of Texas campus, provide a mechanism for the creation of a densely populated but livable and pedestrian friendly environment, and protect the character of the predominantly single-family residential neighborhoods adjacent to the district.

The University Neighborhood Overlay allows much more development than the applicant requires. The benefits of the UNO cannot be effectively realized unless the Sigma Chi ceases to exist near the University of Texas.

The existing use meets many of the UNO stated goals:

Neighborhood character

The current use has been integral with the neighborhood for at least 70 years. The applicant seeks to respect and preserve the prevailing neighborhood character.

2701 Nueces looking southeast

2701 Nueces looking northeast

Location is essential to the use

Being a pedestrian oriented site is critical to the applicant's continued operation. Sigma Chi is at this location because the residents walk to class. If Sigma Chi is forced to move to another neighborhood the students would become commuters. The West Campus area is the neighborhood most appropriate for this use. There is a no more compatible neighborhood than West Campus. There is no more compatible or comparable property than the existing site.

The property is on the corner of Nueces and 27th Street.

Open space and Environmental Impact

A UNO goal is to enhance and preserve existing open space, parks, and the natural environment. Anyone who passes the property enjoys the grass, open space and large mature trees which shade the public sidewalks.

Construction

The existing improvements were built between 1937 and about 1994. This project is constructed of structural clay tile, limestone and brick with only a small amount of wood trim. Materials of this high quality are rarely used today, except on the University of Texas campus.

Human Scale

This project is of a transitional scale between a large single family residence and multi-family residential. The two story building resembles a single family home from the Nueces side and a two story apartment from 27th Street. This project adds high quality design and diversity to the west campus.

Housing variety and services

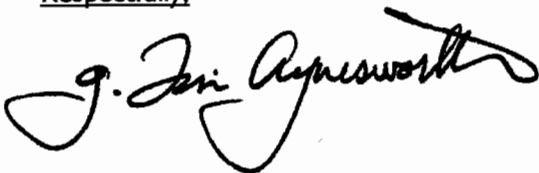

This type of low cost housing and meals is a desirable option for some students.

Transportation

Screened off-street parking is provided. There is practically no negative traffic impact. However, if this use is displaced, the residents will become commuters.

Therefore, the applicant respectfully requests that the Staff, Planning Commission and City Council support the application of the Conditional Overlay Zoning as requested.

Respectfully,

G. Tim Aynesworth
Chapter Advisor of the Alpha Nu Chapter of Sigma Chi

To Whom It May Concern:

We are writing to express our support of the application of a Conditional Overlay to property located at 2701 Nueces.

Existing Conditions

The property is zoned MF-4-NP and is located within the University Neighborhood Overlay (UNO). The current and proposed use is a Club or Lodge, specifically as a fraternity house. We believe the existing development achieves many of the goals of the University Neighborhood Overlay Zoning District.

Proposed Zoning

We understand that the applicant intends to continue this use indefinitely. Also, we understand that the property may be redeveloped but, only as allowed by MF-4 zoning.

Conclusion

Therefore, we support the applicant's request to apply a Conditional Overlay which reduces the maximum development allowed to that permitted by MF-4-NP-C.O. zoning including use as a fraternity, Club or Lodge

Sincerely,

Gary Mefford
